Substances not intended for use in household cleaning, including solvents, pesticides, flammables, photo finishing chemicals, dry cleaning chemicals, and hair salon chemicals must not be discharged to the system".
- 6.4. It shall be unlawful for any USER to discharge liquids or solids into the wastewater of the DISTRICTS CSTS SYSTEMS that has concentrations or quantities that will harm the collection and treatment portions of the DISTRICTS CSTS SYSTEMS, endanger lives, or constitute a public health risk or nuisance, or to create any hazard in the receiving waters of the system. Examples of such materials that are harmful include, but are not limited to the following:
 - 6.4.1. Any gasoline, antifreeze, fuel oil, latex paint, oil and/or chemical solvents, other hazardous oils, or other flammable or explosive liquids, solids or gas.
